

Mark – April, 2016

To whom it may concern:

Samaritan House has offered me a safe & secure place, to start the first day of the rest of my life – sober.

I'm making the most of my time at the Samaritan House. I'm putting my life in order so when I leave I will have a plan in place.

Samaritan House is a brotherhood and Alex Gotay is the older brother who we all turn to for guidance and knowledge.

I believe God guided me to the Samaritan House – With all my heart.

So far my experience here has given me structure – responsibility along with the ability to open up & express myself.

It is a growing experience & journey that is not complete. But I do plan to graduate.
