

Anthony – May, 2016

To whom it may concern:

My name is Anthony xxxxx. I currently reside at Samaritan House. Since coming here, my life has changed dramatically. I can say without a doubt I would not be alive with out the help of this program and it's director. I came here a broken, homeless, drug addict, shell of a man with nothing going for myself except still being alive. Although this transformation has been far from easy, with the help of Mr. Gotay we have made strides that alone I was unable to accomplish in the past 6 years.

Most importantly I can say I am a high school graduate. The persistance Mr. Gotay has shown in helping me reach my goals is un-heard of, he has gone above and beyond and I will be forever grateful. I have all my identification, a job through his contacts at the temp-agency, and I am about 2 weeks away from getting my CDL class A back. A feat I thought was impossible, but now within my grasp. The Samaritan House offered my a safe healthy environment to work on myself, through the NA Program and to many to count counseling sessions with Mr. Gotay. The confidence I have gained here made me realize anything is possible if I continue to work hard and stay sober. Most importantly my relationship with my children has changed from dissapointing them to putting a smile on there face everytime I see them.

The Samaritan House and its director has done so much for me and my family, which include family counseling, employment, education and one on one counseling. The brotherhood here is unbelievable and motivates each and every one of us to stay sober. I absolutely love this place and would recommend any one looking for change.

Sincerely,
Anthony xxxxx
